

Chlamyso = synonym -

van Beneden, 1892, C. incisus.

Caligoidea
Caligidae.

Evidently the same as Peris-
sopus, and so becomes a synonym.

Besides the name was preoccupied
3 times before Beneden proposed it.

χλαμῦς = short cloak of the Greeks.

(over)

Chlamys-Knoch - Coleoptera - 1825

Chlamys-Bolt - mollusks - 1798

Chlamys-Meg - mollusks - 1830

Chlamys van Beneden - 1892, p. 227.

Lernaeopodidae - Lernaeopodoida

Chlamys incisus van Beneden, ♀,

— — Beneden, 1892, p. 227: pl. 2, figs. 1-10.

Perissopus — Bassett-Smith, 1899, p. 468

Host. An unknown fish
