

Pontellidae  
Eupontella = synonym  
Claus, 1893.

⊙  
E. acuta (Dana)

Syn. Eupontella Claus, 1893, p. 271.  
Labidocera Giesbr. & Schmeil, p. 132  
1898

Subgenus of Pontella

grasping antennae with wart-shaped or  
bristle-like setae on the 17<sup>th</sup> joint. Setae of  
the 18<sup>th</sup> joint form only a very short chela process  
while those of the 19<sup>th</sup> joint form only a short distal  
projection which does not reach the end of the  
upper geniculating joint. The proximal  
part of the terminal row has thorn-like  
processes - The left 5<sup>th</sup> foot of male with no trace  
of an endopod.

Calanoida - Pontellidae

Eupontella acuta (Dana).

Pontella acuta Dana, 1849, p. 30

Eupontella a - Claus, 1893, p.

Pontellina a - Dana, 1852, p. 1150.

Labidocera a - Giesbrecht, 1892, p. 445
