

Stytophorus = synonym.
Idesse, 1879^b,

Lernaeopoda
Lernaeopodidae.

S. hippocephalus

A synonym of Charopinus
(Kröyer, 1863). In the feminine form
3 times preoccupied.

στάλος = stylet : φορὸς = bearing.

Stylophorus hippocephalus, Nessel. ♀.

— — —, Nessel, 1879⁷/₁₁, p. 1, Art. 15; pl. XXVIII, figs. 1-25.

A synonym for Charopinus L.

Host. Nasal cavity of Raia rostrata.

(over)
Coast of France.

Hesse claims (p. 13) that this species cannot
be classed with Lernaeopodidae, because
arms are united only at their tips.

So he creates for it a special family
which he calls "Lernaeopalmeus", from
Lernaea and παλάμη, - palm of the hand.
