

~~Lernaeopodoida~~ - Lernaeopodidae.  
Siphonostomatoida

Cestopoda = synonym.

(M)

Kurz described and figured Cestopoda amplectens n.gen.:n.sp. in 1877. Hesse described and figured Naobranchia sygniformis, n.gen.;n.sp. in 1863. The genera are identical though the species are distinct, hence Hesse's genus name takes precedence.

Cestopoda Kurz, 1877, p. 407.  
Κεστός, a girdle and πόδα, feet.

Lernaeopodidae. Lernaeoidea

Cestopoda amplectens Kurz, ♀.

— — Kurz, 1877, p. 407: pl. 26, fig. 16-21, 34: pl. 27, fig. 49

A synonym of Naobranchia amplectens.  
(Wilson, 1915, p. 602)
